

20th Summer Academy

Changing farming practices to address the climate crisis

Lili Mahne

Regenerative future

Slovenian food council

Small scale traditional Slovenian farm

Slovenian food council

Guidelines for healthy and sustainable food

Small scale traditional Slovenian farm

- Intergenerational cooperation
- Risk assessment
- Stakeholders management
- Traditional / Modern Knowledge management
- Paralell future strategies
- Added Value Management

Small is possible small is beautiful

Challenges for the future are:

It's All About People

Health and happiness

Equity and local economy

Culture and community

Land and nature

Sustainable water

Local and sustainable food

Travel and transport

Materials and products

Zero waste

Zero carbon energy

Thank you!
